

Newsletter October 2022

Optimal Personalised Treatment of early breast cancer using Multi-parameter Analysis

HAPPY HALLOWEEN

Recruitment update:

In October, **39 new participants** were recruited into OPTIMA.

Total recruitment to date: 3431

OPTIMA Main - 3019 participants

OPTIMA prelim - 412 participants

RECRUITMENT MILESTONE

3000 PATIENTS!!

We recently reached 3000 participants within OPTIMA Main. This means that we are now 2/3 of the way to our final target of 4,500 patients — what an amazing achievement.

Thank you for your continued support!

The CTU team celebrated during our #wearitpink bake sale, with giant OPTIMA Cookies!

Recruitment tip of the month:

Let patients decide about research participation

If a patient is eligible for a study, the clear and powerful message from patient advocates is to provide them with the information, have a conversation – **let the patient decide.**

Lunch with OPTIMA

Thank you to everyone who joined us on Tuesday 25th October for our **Pathology Session**. There will be a repeat session on **Tuesday 1st November 12.30-13.30**.

The slides will also be available on the website after the session.

Data Management

Annual Follow-ups

Don't forget to complete an **annual follow-up form** each year, for all patients.

These should be completed on the anniversary of Trial Entry, for OPTIMA Main and OPTIMA *prelim* patients, and sent to WCTU via email or post.

CRF return

All completed CRFs can be sent to Warwick CTU, via email or post. There is no requirement to send original, wet signed copies of the forms.

Please remember – do not send any completed CRFs or questionnaire booklets to the central lab (HSL-AD).

The only documents which should be posted to HSL-AD are the Tissue Transit forms and anonymised Pathology reports.

Emailing forms to WCTU

Please remember to include the participant trial number (TNO) in the subject line of any emails message you send to us, and ensure that the email contains no patient identifiable data.

OPTIMA Investigator Meeting Spring 2023

We are in the process of planning a face-to-face Investigator Meeting in Spring 2023.

Further information will be circulated as soon as possible.

We can't wait to see you there!
